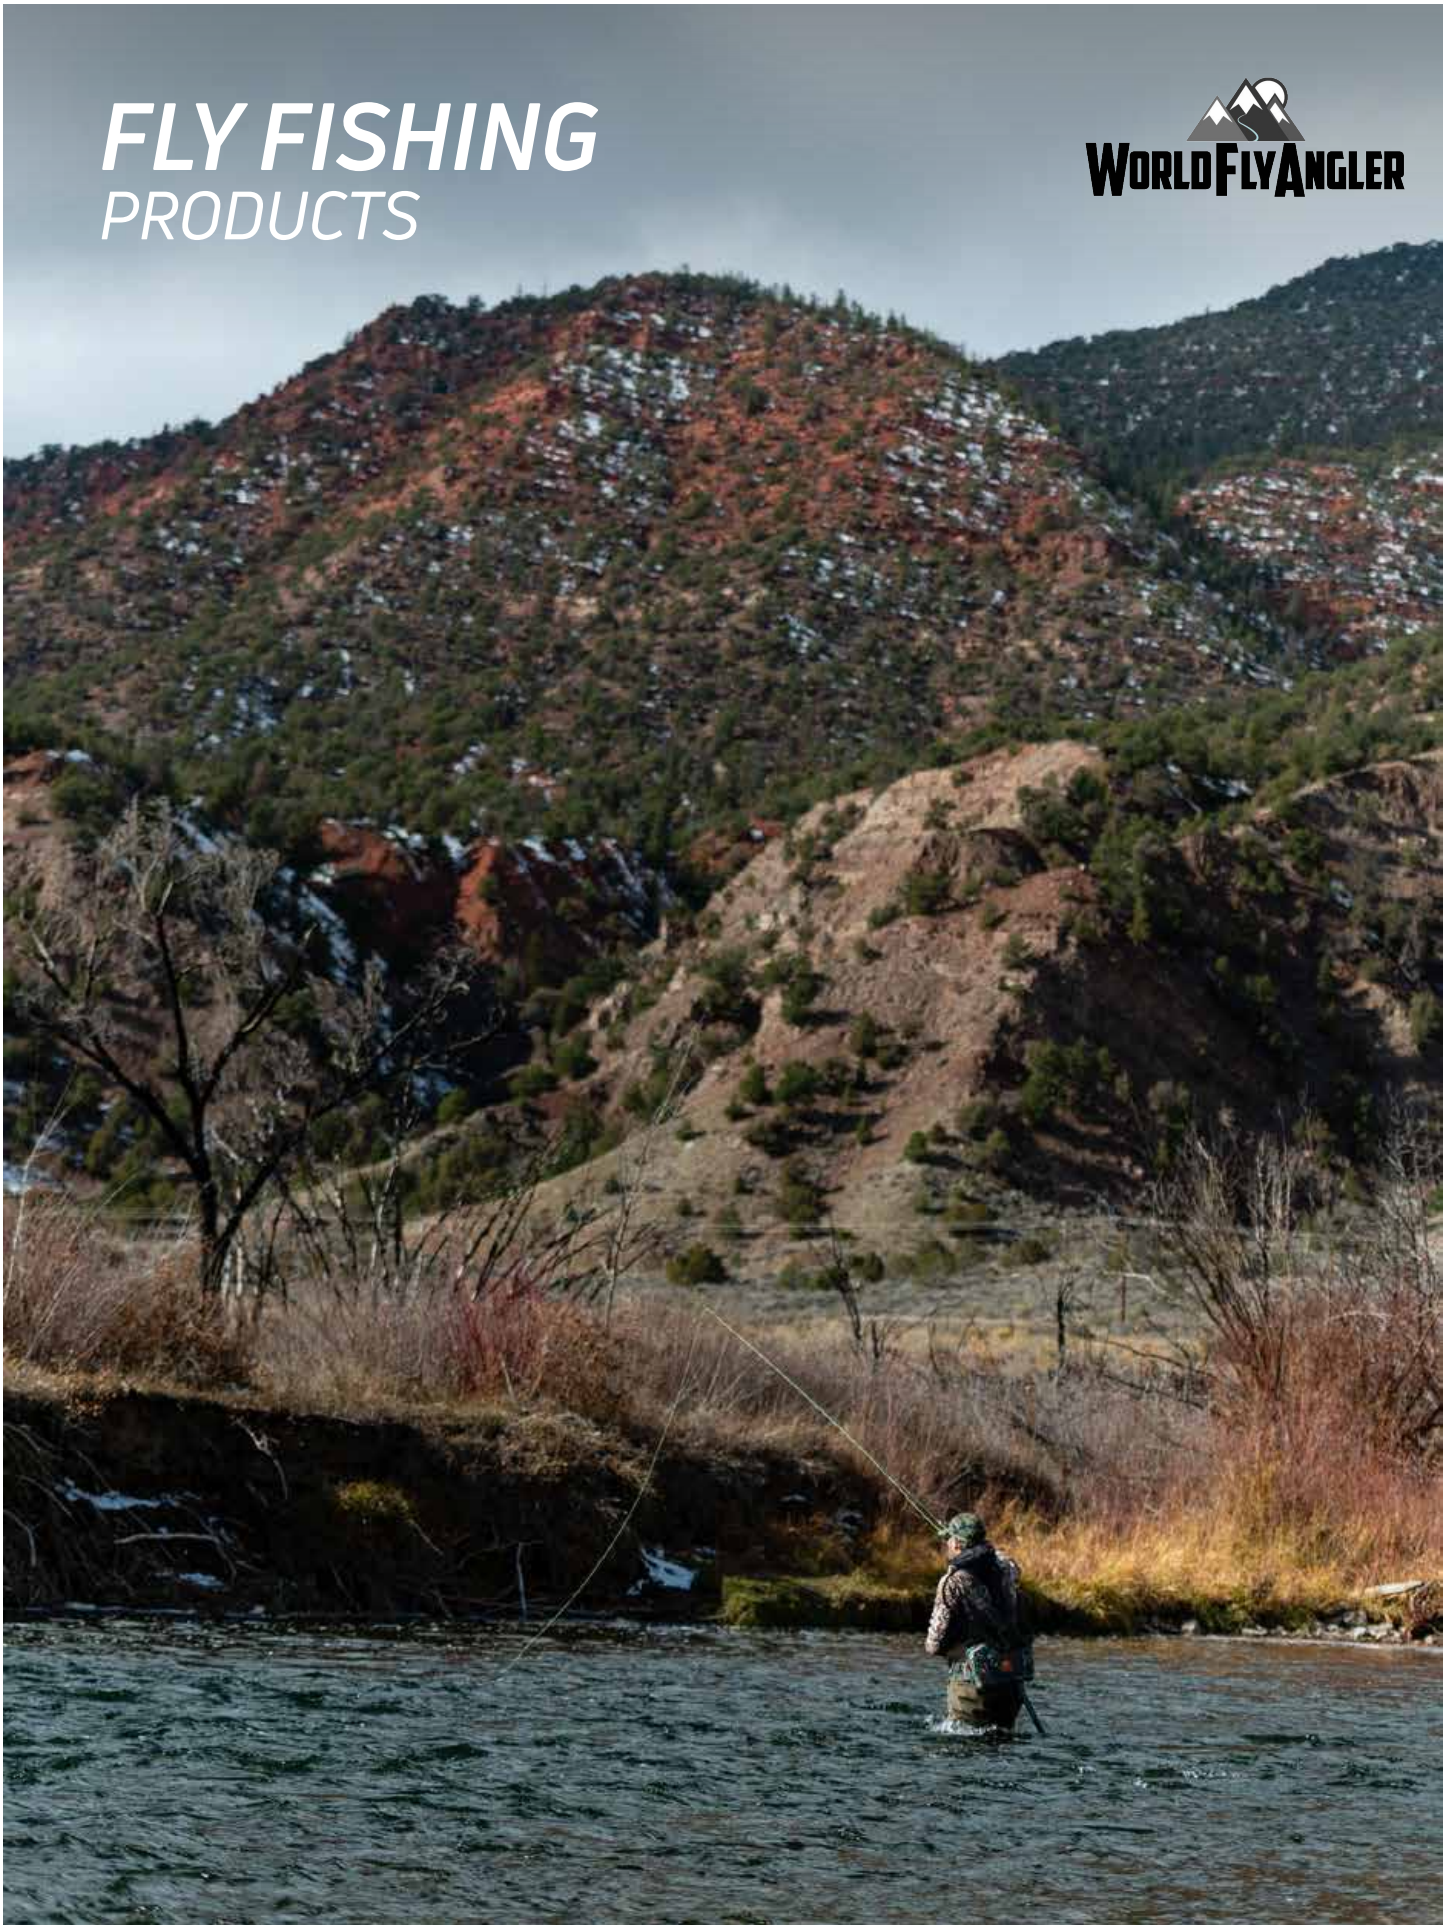
CORTLAND

FLY FISHING
PRODUCTS



WELDED LOOPS

Welded loops make rigging fast, easy and reliable. Cortland loops are strong, secure and durable.

SHOOTING TECHNOLOGY

ST coating delivers a reduced friction performance with a glass-smooth finish and remains a key element in line slickness over its life span.

TUNGSTEN TIP TECHNOLOGY

Premium Tungsten material combined with unique tapers for fast sinking presentations.

GRIP SET

Designed to give the angler a better hook set when targeting large game fish or fish with hard mouths.

HEAT-TEMPERED SURFACE TREATMENT

Process that incorporates extreme slickness additives. Seals out dirt and oils while maintaining an exceptionally low friction coefficient.

HIGH FLOAT TIP TECHNOLOGY

A proprietary blend of materials that keeps fly line tips and leaders floating high in complex currents.

COLD SALT TECHNOLOGY

A supple yet extremely durable saltwater coating allowing for a memory freeline in cold conditions.

POLYETHYLENE

Liquid Crystal lines are built with a blend of Polyethylene compounds (PE) over a monofilament core resulting in the toughest, slickest-shooting, floating fly lines.

X-STRONG CORE

Constructed with a tight weave and high pick count for extreme durability and maximum applied pressure.

HANG MARKERS

Hang Technology is a highly visible color transition identifying when it's time to fish the "hang" during a retrieve.

FIFTY+ CORE

Built for the most demanding species. Core strength of more than 50lbs allows anglers to put maximum drag and pressure on a fish without compromising the taper design or line density.

TROPIC PLUS

The perfect blend of advanced polymers to achieve a hard, durable surface that remains slick in extreme heat.

TOP SECRET

Top Secret is a highly abrasion resistant,supple material allowing for superior knot strength while remaining virtually clear under water.

COLD TEMPERATURE

Ideal use in 30 - 50 degree (F) temperatures

WARM TEMPERATURE

Ideal use in 50 - 70 degree (F) temperatures

TROPICAL TEMPERATURE

Ideal use in 70 + degree (F) temperatures

LINE ID

Lazer printing line identification for convenient size reference

REINFORCED TUNGSTEN

Improved Premium Tungsten blend for extended durability and fast sinking attributes

GALLOUP
SERIES

DESIGNED BY THE MOST INFLUENTIAL FIGURE OF MODERN DAY STREAMER TACTICS.

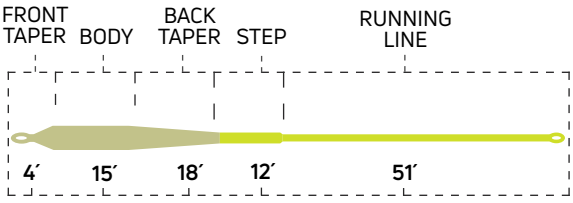
Here at Cortland Line, we intend to pursue Kelly's vision for streamer fishing with fly lines that offer improved durability, handling, and castability to make the highest performing streamer lines ever created.

TOP SHELF

WELDED LOOPS · ST · COLD · WARM · ID

MSRP $129.95 BASE $77.97 | FRESHWATER | LINE LENGTH: 100ft

DENSITY: FLOATING
CORE: BRAIDED NYLON MULTIFILAMENT



Kelly Galloup designed the Top Shelf floating taper for quick delivery and versatility with large streamers on all water types. This taper loads quickly and turns over large flies with ease. An extended back taper allows you to hold more line in the air and cast further whether you are on a lake or large river.

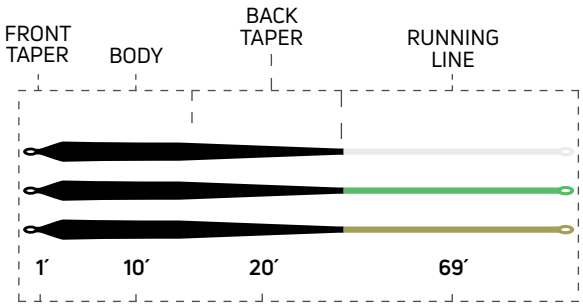
DUNGEON 30

MSRP $139.95 BASE $83.97

FRESHWATER

LINE LENGTH: 100ft

DENSITY: TYPE 6 SINKING / INTERMEDIATE
CORE: BRAIDED NYLON MULTIFILAMENT



Kelly Galloup designed the Dungeon 30 to efficiently target trout with large streamers by covering banks and soft eddies in large rivers. Featuring a 30 ft Type 6 (6–7.5 inches per second) sinking head with an intermediate running line, this line will deliver your fly down into the strike zone immediately. The overweighted head loads modern fast-action rods quickly with minimal backcasts. An oversized running line improves handling and provides extra grip for driving home strip sets.

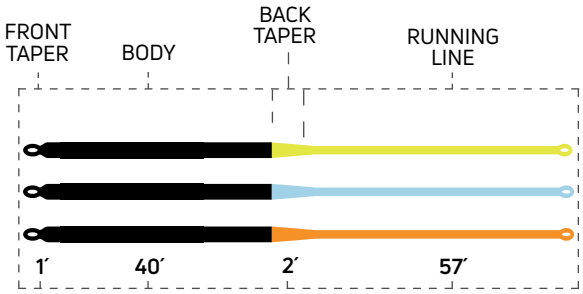
ROCK BOTTOM

MSRP $139.95 BASE $83.97 | FRESHWATER | LINE LENGTH: 100ft

DENSITY: TYPE 6 SINKING / INTERMEDIATE
CORE: BRAIDED NYLON MULTIFILAMENT



Kelly Galloup designed the Rock Bottom taper to excel in large, deep bodies of water where you need to cover distance and depth. Featuring an extended 40ft Type 6 (6-7.5 inches per second) sinking head, with an intermediate running line, this line is meant to keep your fly down in the zone for the entire retrieve. An oversized running line improves handling and extra grip for driving home strip sets. Featuring our new Reinforced Tungsten Technology, comprised of the most premium tungsten materials available.

EURO NYMPH
SERIES

DEVELOPED TO EXCEL IN ALL EURO AND MODERN NYMPHING TECHNIQUES

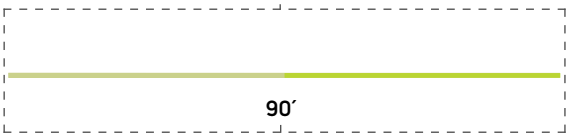
Our Euro Nymph lines are built with a strong, sensitive core enabling superior strike detection while reducing line sag between guides. Featuring a slick coating in a variety of tapers, sizes and colors.

EURO BRAID CORE

MSRP $59.95 BASE $35.97 | FRESHWATER | LINE LENGTH: 90ft

DENSITY: FLOATING
CORE: BRAIDED NYLON MULTIFILAMENT

LEVEL



The Euro Braid Core fly lines are ideal for all euro and modern nymphing techniques. Braided nylon multifilament core allows for a supple, easy handling finish when fishing in colder climates. Dual colored sage green and chartreuse profile gives the angler the option between hi-vis and stealth.

- Supple
- Braid Core
- Superior Strike Detection

VERSATILE EURO

MSRP $59.95 BASE $35.97 | FRESHWATER | LINE LENGTH: 90ft

The Versatile Euro was designed for anglers wanting to rely on just one set up for both euro nymphing and dry fly applications. The Versatile Euro DT profile tapers down to the standard .022" tip diameter, while allowing anglers the option to tie on a tapered leader and fish a dry fly. Dual micro welded loops allow for easy and convenient rigging.

TROUT
SERIES

FOR VERSATILE ANGLERS WHO TARGET TROUT IN EVERY SEASON

Trout Series fly lines feature complex taper designs that deliver shoot-ability, versatility and consistency for every trout situation.
Each Trout Series line features our signature Shooting Technology coating that prolongs the life of your line and reduces friction within your guides. Specialized braided nylon multifilament cores remain supple and tangle free in the coldest trout waters.

HEADWATER

WELDED LOOPS · HTX · ST · COLD · WARM

MSRP $99.95 BASE $59.97

FRESHWATER

LINE LENGTH: 80ft

The Headwater was designed for accurate, subtle presentations on small streams and spring creeks. Built true to line weight, a short body and front taper design helps load rods up close. This line features a supple braid core that remains memory free when stored on small arbor reels. A mute olive colored head eliminates line flash and allows for a stealthy approach in gin clear water.

TROPIC PLUS
SERIES

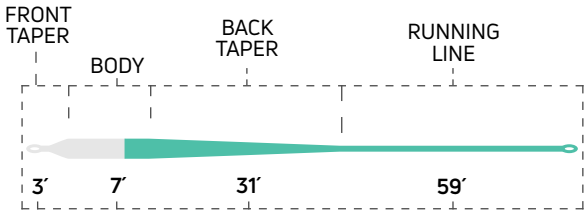
DESIGNED TO DELIVER THE BEST PERFORMANCE IN TROPIC CONDITIONS

Tropic Plus Series fly lines are treated with specially formulated primers for optimum adhesion and stiffness. The hard, durable surface coating allows these lines to shoot well and stay both stiff and slick in the hottest tropical conditions. Highly abrasion resistant, with unique taper profiles for each fly fishing application.

GHOST TIP

MSRP $99.95 BASE $59.97 | SALTWATER | LINE LENGTH: 100ft

DENSITY: INTERMEDIATE / FLOATING
CORE: MONOFILAMENT



The Tropic Plus Series Ghost Tip is designed for presenting flies just below the surface without spooking wary fish. A 9ft clear intermediate tip is paired with a highly visible seafoam floating head that is easy to shoot and recast at moving targets. The line profile is perfect for both windy and slicked out conditions.

LIQUID CRYSTAL
SERIES

PROVEN AND DESIRED BY THE HARDCORE SALTWATER ANGLERS

Liquid Crystal Series fly lines are virtually invisible in the water as they are made by extruding a proprietary blend of clear polyethylene and advanced copolymers over a monofilament core. The hard PE+ coating has a super-smooth finish with an exceptionally low coefficient of friction so it shoots faster and farther. The coating is permanently fused to the monofilament core so there is no line stretch – for unequalled strike detection and instantaneous hooksets.

TARPON TAPER

MSRP $99.95 BASE $59.97 | SALTWATER | LINE LENGTH: 100ft

The Tarpon Taper is our highest performing Tarpon line. The full clear color allows stealthy presentations into schools of tarpon without spooking the few "willing" fish. The PE+ jacket material combined with a permanently fused core allows for instantaneous hooksets and detection. The Tarpon Taper is trusted by the most dedicated tournament Tarpon anglers

- Slick Shooting

GUIDE SERIES COMBO OUTFIT

PERFORMANCE FLY FISHING OUTFITS

MSRP $229.95-259.95 BASE $137.97 - $155.97

Cortland's new Guide Series fly fishing outfits were designed by hardcore anglers to offer premium performance at an affordable price. Guide Series fly fishing outfits include three sub-series: Freshwater, Saltwater and Euro Nymph. Without a doubt, the "expensive" stigma shadows over the sport of fly fishing, with little attention to detail for both beginner and intermediate level anglers. These outfits were built using quality components and tested for long-term abuse.

- Fast Action, Light Weight 4 pc. Graphite Rod
- Large Arbor Aluminum Reel with 150 Yards of Backing
- Aluminum Reel Seat
- Dual Locking Reel Seat Nuts

NYMPH

PERFORMANCE FLY RODS

MSRP $339.95 BASE $203.97

Cortland's Nymph series fly rods were specifically designed for modern nymphing techniques. Built on a super light graphite blank which dampens and recovers quickly for exceptional feel. The low reflective, matte black finish allows for an extremely stealthy approach while providing an addition layer of protection. The down-locking reel seat combined with the composite fighting butt allows for exceptional balance and fast hook sets. Nymph Series fly rods feature over-sized light wire single foot guides for easier passage of fly line, monofilament and knots. All ferrules and guides are coated with highly durable epoxy, resisting cracks, flex stress and excessive knots. Finished with alignment dots, size specific rod bags and a protective cordura rod tube.

WORLDFLYANGLER

NEW PRODUCT

MKIIX

PERFORMANCE FLY RODS

MSRP $699.95 BASE $419.97

Imagine combining one of the strongest, lightest, most flexible materials in the world into the structure of premium-performance nymph rods. Introducing, the new MKIIX.

Impregnated Graphene Nano Particles (GNP) reinforces the blank resin creating a super strong and rigid construction with less material. Thinner wall thickness aids in tracking, ultimate sensitivity and exceptional accuracy.

Our unique HBT (Hybrid Blank Texture) gives anglers the crisp, fast, dampening feel of a smooth, full sand blank, but with the advantages of a partially sanded texture for reduced line tension in wet conditions.

The MKIIX is the ultimate combination of durability, sensitivity and accuracy. Designed and developed by renowned anglers worldwide.

CROWN FLY FISHING
TOOLS

HIGH QUALITY TOOLS DESIGNED TO PERFORM

GUIDE NIPPER

CROWN ACCESSORIES

MSRP $29.95 BASE $17.97

The Crown Series Guide Nippers deliver clean, precise cuts season after season. Featuring ultra-sharp jaws that slice through mono, fluoro, and braid with ease, these nippers are designed for heavy use on the water. The all-black finish offers durability, while the ergonomic shape provides comfort and control in all conditions.

STOCK #: 803121

TUNGSTEN CARBIDE NIPPER

CROWN ACCESSORIES

MSRP $20.95 BASE $12.57

Engineered for precision and durability, the Crown Series Tungsten Carbide Nippers deliver clean, effortless cuts every time. The ultra-sharp tungsten carbide blades slice through mono, fluoro, and even braid with ease, making them a must-have on the water. A lightweight, ergonomic design with a bright green grip ensures comfort and visibility, so you'll never lose track of your most-used tool.

STOCK #: 803077

COATED NIPPER

CROWN ACCESSORIES

MSRP $8.95 BASE $5.37

The Crown Series Coated Nippers are an everyday essential for anglers. Featuring a slim black body with chartreuse green grips and a subtle Cortland logo, these nippers deliver clean cuts on mono and fluoro while the built-in eye cleaner keeps hook eyes free of debris. Lightweight and durable, they're easy to carry and always ready when you need them.

STOCK #: 803084

STRAIGHT JAW FORCEP

CROWN ACCESSORIES

MSRP $15.95 BASE $9.57

The Crown Series Straight Jaw Forceps are a must-have tool for every angler. The black finish with chartreuse rubber coated loops provides durability and visibility, while the precision jaws make quick work of hook removal, pinching barbs and rigging . A small Cortland logo adds a clean finishing touch to this essential piece of gear.

STOCK #: 803060

CURVED JAW FORCEP

CROWN ACCESSORIES

MSRP $15.95 BASE $9.57

The Crown Series Curved Jaw Forceps offer the same strength and reliability with a more ergonomic angle. Featuring a black finish with chartreuse rubber coated loops. Perfect for tricky hook removals and detailed rigging work, the precision curved jaws give you the edge in hard-to-reach spots.

STOCK #: 803046

SMALL HOOK SHARPENER

CROWN ACCESSORIES

MSRP $12.95 BASE $7.77

Compact and versatile, Small Hook Sharpener is designed to keep even the smallest hooks sharp. Featuring a double slot on one side and a single slot on the other, it gives you options to fine-tune points with precision. The chartreuse handle makes it easy to spot, while the attachment hole allows secure carry on a split ring, retractor, or gear keeper.

STOCK #: 803022

LARGE HOOK SHARPENER

CROWN ACCESSORIES

MSRP $15.95 BASE $9.57

Keep your hooks razor-sharp and ready with the Large Hook Sharpener. Built with a bright chartreuse handle for easy visibility, this sharpener features a single slot on each side to touch up points quickly and efficiently. A built-in hole allows easy attachment to a split ring, retractor, or gear keeper.

STOCK #: 803039

ALL PURPOSE PLIERS

CROWN ACCESSORIES

MSRP $69.95 BASE $41.97

Rugged, reliable, and built to last, the Crown Series Pliers are built to handle the demands of any day on the water. Precision jaws and integrated cutters make quick work of hook removal, rigging, and line cutting, while the durable black finish keeps them looking sharp. A fitted sheath with a bold Cortland logo and a secure leash system ensure your pliers stay right where you need them, whether clipped to your belt, waders, or pack.

STOCK #: 803015

POCKET PLIERS

CROWN ACCESSORIES

MSRP $39.95 BASE $23.97

Compact, durable, and built for anglers on the move — the Crown Series Pocket Pliers deliver pro-level performance in a small, easy-to-carry design. Precision-cut jaws and a split ring tip make quick work of crimping, rigging, and opening split rings, while the integrated cutters handle line and leader with ease. A lightweight frame with an ergonomic finger loop ensures comfort and control, even in wet conditions.

STOCK #: 803138

FLY FISHING LANYARD

CROWN ACCESSORIES

MSRP $39.95 BASE $23.97

Keep your essential tools organized and within reach with the Crown Series Fishing Lanyard. Built with lightweight, comfortable foam padding and an adjustable neck strap, this lanyard is designed for all-day use on the water. Multiple sturdy clips provide secure attachment points for nippers, hemostats, floatant, and other accessories, while the bright green accents make it easy to spot at a glance. Simple, durable, and functional — the Cortland Fishing Lanyard keeps you on the water, ready for your next cast.

CORTLAND®

FAIRPLAY™

Fairplay products were first introduced by Cortland Line Company in 1927. That's 90 years of putting quality fly fishing gear in the hands of anglers at a FAIR PRICE. Cortland is committed to offering anglers the opportunity to have the fly fishing experience at an incredible value.

The full Fairplay lineup provides products that are designed for function and durability. The Fly Lines, Leaders and Tippet are appreciated by the most experienced fisherman. Our Fairplay Series Outfits are perfect for that extra combo you might pack for a spare, the beginning fly fisher, or for a weekend on the water with a family member.
